

Introduction

Tasmania is an island of dramatic and beautiful landscapes, jagged mountain ranges, mighty rivers, deep rainforests and remote beaches. As one of the world's premier "self-drive" holiday destinations, it has something for everyone, and offers a diverse range of holiday experiences.

Encounter unique animals and plants, many rare and vulnerable - the bone-crunching Tasmanian Devil, majestic sea eagles, tiny mountain orchids and the tallest flower on earth - the mighty swamp gum. Travel peacefully along country roads, stroll beneath old English trees in a city park, and admire the solid Georgian architecture in mellow golden sandstone, feeling part of our island's rich heritage. In music, arts, theatre and festive events, come and help us to celebrate things unique to Tasmania, an island of creative imagination.

Washed by the cold, clean waters of the Southern Ocean, with the world's cleanest air blowing in from the west, your palate is in for a treat! Enjoy the sharp crunch of apples, crusty bread from a country bakery, the flavours of sunny autumn in our cool-climate wines, world-beating ales, rich cream, full flavoured cheeses and a summer spectrum of berry fruits.

To assist you in sampling the many delights Tasmania has to offer, Innkeepers Tasmania has prepared a number of itineraries based on our many years of experience in the touring accommodation industry. These itineraries provide an insight into our wonderful lifestyle at a relaxing pace, and feature durations ranging from "short-break" holidays to extended island tours.

Click on the links below to view individual itineraries. If you would like to book and pay for an itinerary on-line, please click on the Contact Us button shown above, and enter your choice of properties according to the itinerary selected.
